

BIG READ

28. Read Dev's post. Tick ✓ his answer to the Big Question.

WHERE DO PEOPLE WORK?

- Some people work in different places. ____
- Some people work in the same place. ____
- Some people work at home. ____

Actors, directors and cameraman are people who make films. They sometimes work in different places or different countries. Builders build houses which are all over the town. Fire officers also work in different parts of town. Sometimes they work in a fire station and sometimes they go to a sports centre, a theatre or a town hall. They help when there's a fire and they check that buildings are safe.

I'd love to work in different places, too. I want to be an ambulance driver. An ambulance driver is a person that helps people. Often the people are hurt. They have to go to a hospital, where a doctor can help them. An ambulance driver is the person who help them. An ambulance driver is the person who takes people to the hospital. There are special clothes which ambulance driver wear. Ambulance drivers travel around a lot. That's one reason why I want to be an ambulance driver.

29. Read and write True or False.

Builders don't have to travel. _____

Fire officers only work in a fire station. _____

Dev wants to help other people. _____

An ambulance driver works in a hospital. _____

An ambulance driver has to wear special clothes. _____

We use **who** to tell us more about people.

We can use **that** to tell us more about people or things.

For example: An ambulance driver is a person that helps people.
