My favourite book

Leila

My favourite book is about a village in the middle of a forest. Nobody who isn't from that village ever goes there. The people who live there want their life and their village to be a secret. They're friends with all the animals, too, even frogs! I'd love to go to that village, but nobody knows where it is! I'm going to read the book again, I think.

Fran

My favourite book tells the story of a girl's life, from the time she's very small until she's a teenager. When she's small, her family lives in a big house in the countryside, then they move to a flat in the city. She loves the city, but she sometimes misses her old life, too. When I finished the book, I went back to the first page and started it again!

Zack

My favourite book is about a boy who goes camping with his older brother in the mountains. One day, they see an absolutely enormous snake which is as big as a car! They run away really fast! I don't like thinking about that snake! But I love the book because it's so exciting. I was glad I wasn't in the mountains with them when I was reading it, but safe at home!
