SCHOOL AT HOME

Jon is 10 years old, and he lives in Pamplona. Jon is a very good student, and he usually gets good results in his tests and exams, but now he doesn't go to school. The truth is he lives in a big city, where there are many schools, but all of them are closed. There is a pandemic in the world and children can't go to school.

Jon studies at home. He has got books, pens and pencils but his lessons are on the computer. Every morning Jon sits in front of his laptop for three hours and watches and listens to his lessons. His teachers use cameras and interactive worksheets, and Jon thinks they send too much homework.

All the children are at home, at the moment Jon misses his friends and teachers but he knows that he has to stay at home. It is all for the best. He hopes the pandemic goes away to go back to school and play in the school yard with his friends.
