

Been rusting in the rubble
Running to a faint
Need a brand coat of paint
I found in trouble
Thinking about what ain't
.....gonna be a saint
Saying float like an eagle
Fall like the
Pouring in to put out the pain
Ohand
Now I'm hyp, hypnotized
Yeah I trip, when I in your eyes
Oh I'm hyp, hypnotized
Yeah I slip and I'm mesmerized
It'sto be lethal
I'm from the news
It's a guidebook for the blues

Saying it's the very steeple
People want to chose
They just see it from views
And threading the needle
.....my flame
Oh now I'm moved to exclaim
Oh I'm hyp, hypnotized
Yeah I and I'm mesmerized
Yeah I to a permanent high
Oh I'm hyp, hypnotized
It was
Now it's sunrise
