

All I want is more
To hear you knocking at my
'Cause if I could see your once more
I could die as a man I'm sure
When you said your goodbye
I died a little inside
I lay in tears in all night
Aloneyou by my side
But if you me
Why did you leave me
.....my body

All I want is
All I is
To find
I'll find
'Cause you brought out the of me
A part of me I've seen
You took my soul wiped it
Our love was made forscreens
..... you, ooh
