

Make the recipe clear.

Potato pancakes are easy to cook.

First you (1) _____ and (2) _____ the potatoes. Don't (3) _____ them or (4) _____ them in halves!

Then you (5) _____ the potatoes and an onion into a big bowl. Use a hand grater. It's only 10 potatoes – that's nothing.

Next, (6) _____ the eggs, flour, salt and some baking soda with kefir.

After that, (7) _____ everything well.

Finally, (8) _____ the pancakes on both sides in vegetable oil. Fry them on medium heat.

Now, (9) _____ them with sour cream.
