### 007 *The man who never gets older*

Everyone knows about James Bond's love of fast cars, beautiful women, and killing people in unusual ways. But did you know that he became 007 at the age of 38, or that he has a drink in the films every 24 minutes? Here are some facts about 007 you might not know.

"The name's Bond – James Bond" is one of the most well-known lines in film history, but where does the name Bond come from? Many people think Ian Fleming wrote about his friend who was a spy. But the name actually comes from a writer, Dr. James Bond, who wrote books about birds. Ian Fleming never met him but thought it was great that his exciting hero should have such a boring name.

Bond girls – women who fall in love with James Bond – are almost always younger than him. In fifty years of Bond movies there have been only two women older than James. And although Bond is very English, Bond girls aren't. There have been more American Bond girls than there have been English ones.

In the books, James Bond loves smoking. He smokes four packs of cigarettes a day. Ian Fleming, the writer, also smoked 80 cigarettes a day. In 25 early films, James Bond smoked cigarettes like his character in the books, but in the 1980s this was changed. Now he smokes only a few cigars a day.

- 1 James Bond became a spy before his 40th birthday.
- 2 James Bond got his name from Ian Fleming's friend.
- 3 Ian Fleming wanted James Bond to have an unexciting name.
- 4 James Bond is always older than the Bond girls in the films.
- 5 Bond girls are never from England.
- 6 James Bond used to smoke 80 cigarettes a day.

Read the travel page about Greenland and statements 1-6 below. Then tick them true (T) or false (F).

## Go to Greenland – an empty place full of surprises

If you want an easy holiday, great weather and perfect beaches, don't go to Greenland. This giant island isn't a typical holiday destination. But Greenland does have beautiful nature, friendly people, and offers the chance to be alone in the wilderness.

### When to go

You don't want to visit Greenland in winter if you're not a polar bear. Most people visit the island in July, when it's warmer. Spring is also a popular time, especially for people who want to do snow sports. From August to November, you can see the Northern Lights (aurora borealis), but take a warm coat!

### Where to stay

Hotels in Greenland are very expensive, and there aren't many of them. Sometimes, it can be cheaper to visit the island by cruise ship than to sleep on land.

### Food

Surprisingly, for an island that has such terrible weather, the food in Greenland isn't bad. Restaurants cook well, and Greenland recipes use fresh food from the island. That's because people from Greenland still hunt most of their food – whales, seals and a lot of fish. It's not the greatest place to go if you're a vegetarian. Vegetables and fruit need to come to the island by ship, which makes healthy food expensive. So, you can save money and have a nice bit of fried seal or baked whale.

- 1 Greenland has perfect beaches.
- 2 July is the most popular time to visit Greenland.
- 3 Spring is a great time to see the Northern Lights.
- 4 It can be cheaper to stay on a boat than in a hotel.
- 5 The food in Greenland is terrible.
- 6 Meat is less expensive than vegetables in Greenland.

## The Seagull School of English — Hastings

*Summer English lessons and activities for students aged 13-19*

**LOCATION**  
The Seagull School is located in Hastings, one of England's most famous seaside towns. The school started in 1984 and has helped thousands of young people learn English and have a fun time.

**PROGRAMME**  
**The day has three parts:**  
**Morning English language lessons**  
Students have English lessons with native speakers five mornings a week. Students first study grammar for 45 minutes, followed by 45 minutes of vocabulary and reading skills. Then, after a coffee break, students have a chance to practise what they have learnt in a 90-minute conversation class.

**Afternoon activities**  
The best way to learn English is to have fun. In the afternoon, students play sports. They can choose from football, tennis, water polo, swimming and baseball. This is followed by an afternoon art activity where students can paint, do drama or even play computer games.

**Evening activities**  
We finish the day with social activities. Every evening, including weekends, the school organises barbecues, theatre shows, parties and other social events. That way students can make friends and use their English.

**ACCOMODATION**  
Students stay with a host family in their home while studying at the school. The host family give students their own room, breakfast and dinner. Students eat lunch at school.

**FACILITIES**  

- Modern classrooms
- Internet access
- Dining room
- Swimming pool
- Gymnasium
- Theatre
- Football pitch
- Tennis courts

**TRIPS**  
We also offer day trips to visit some of England's famous places. There's a one-day tour of London or Oxford. You can also spend three days canoeing and walking in Wales.

## Personal descriptions

1

**PATRICIA**

I like Italian cooking, but I get bored cooking it all the time. I would like a course that teaches me about Mediterranean cooking, but maybe from the non-European side. Something spicy would be great.

2

**JAMES**

I'm a vegetarian, but sometimes I eat fish. My girlfriend loves meat but hates vegetarian food. I need to learn to cook something for her, something we'll both enjoy eating. She doesn't like English food. I'm free only until 7.30 p.m.

3

**SANDRA**

I love meat — steaks, burgers, sausages. Unfortunately, my doctor says that's the problem and that I mustn't eat meat, or even fish. I think I need some cooking classes, so I can make something as good as an English roast dinner but without meat. I don't like spicy food.

4

**ROBIN**

I have just moved away from my parents and I need to cook for myself for the first time. I need something easy. I love Italian food but I'm allergic to fish — it makes me sick. I like meat, but not too much of it. I'm only free after eight in the evening.

5

**SOPHIA**

I come from Italy and I think that we have the best food in the world. I'm great at cooking, especially spaghetti and lasagne! But now that I live in England, I want to learn how to cook local food and recipes.
