DRAG AND DROP THE HEADINGS ONTO THE CORRECT TEXT BOX

PROTECTING OUR PLANET STARTS WITH

 DRIVE LESS  When you further your own education, you can help others understand the importance and value of our natural resources.  Volunteer for cleanups in your community. You can get involved in protecting your watershed too!	 Cut down on what you throw away. Follow the three "R's" to conserve natural resources and landfill space.  The less water you use, the less runoff and wastewater that eventually end up in the ocean.	 seafood Learn how to make smart seafood choices at www.FishWatch.gov.  Buy less plastic and bring a reusable shopping bag.  BRIGHT IDEA Energy efficient light bulbs reduce greenhouse gas emissions. Also flip the light switch off when you leave the room!	 Trees provide food and oxygen. They help save energy, clean the air, and help combat climate change.  Choose nontoxic chemicals in the home and office.
