

1. Arrastra y ordena los siguientes números

610

> > > > >

The diagram shows two rows of number lines. The top row shows the addition of 10 to 486, with arrows indicating the sequence: 486, 496, 506, 516, 526, 536, 546. The bottom row shows the addition of 100 to 486, with arrows indicating the sequence: 486, 586, 686, 786, 886.

□ □ □ □ □ □ □ □

4. Completa con los números anterior y posterior

A number line with three boxes. The middle box contains the number 900.

A horizontal number line with three rounded rectangular boxes. The middle box contains the number 510. The boxes are connected by horizontal lines.

A horizontal number line with three rounded rectangular boxes. The middle box contains the number 850. The boxes are connected by horizontal lines.

A horizontal number line with three rounded rectangular boxes. The middle box contains the number 530. The boxes are connected by horizontal lines.

5. Escribe los números

$$7C + 6D + 9U$$

$$5C + 8D + 15U$$

$$3C + 20U \rightarrow$$

$$2C + 12D \rightarrow$$

6. Recuerda la tabla numérica y completa

The figure shows a 3D grid of 27 cubes arranged in a 3x3x3 structure. The front face of the grid displays the following numbers and illustration:

- Top row: 941 (left cube), empty (middle cube), empty (right cube)
- Middle row: empty (left cube), 955 (middle cube), empty (right cube)
- Bottom row: empty (left cube), 964 (middle cube), empty (right cube)

The middle cube of the front face (955) contains an illustration of a box of colored pencils. The bottom row of the front face shows the numbers 978 (right cube) and 982 (bottom-middle cube).
