Ngày cuối năm trung học mỗi người ai nấy ôm nhau và khóc, riêng tôi chỉ cười vì nghĩ lên đại học chúng tôi sẽ lại gặp nhau. Sau này tôi mới biết mình đã sai rồi. Chúng tôi ở những năm đại học không còn là chúng tôi của những năm trung học nữa.

Hãy tận hưởng những ngày cuối cùng vì sau này không bao giờ bạn có được cảm giác ngây ngô, vô lo, vô nghĩ như bây giờ lần nào nữa

VI Read the text and decide whether the following statements are True (T) or False

Would you like a robot in your house? It is now generally accepted that in the future robots will take over many our tasks especially jobs of a repetitive nature. But it's doubtful if robots will ever be able to do any of the more creative types of work - or indeed if people would want them to. In the home, robots would probably be used to do the cleaning table-laying scrubbing and washing up, but it's considered unlikely so far that they'll be used to do the cooking - at least not in the near future. Robots in the home might not be creative enough to do the cooking, plan the meals, and so on. They would be used as slaves, thereby freeing people to do more of the things they want.
