

# First Rate Town

My town has everything we need. There is a supermarket, a bakery, an ice-cream shop, a library, a police station, a post office, a school, a hospital, a church, a park, a gas station, a mechanic, a bicycle shop, a bank, a factory, a farm, and even a circus. There is even a train station nearby.

The school, library, church, and supermarket are on Main Street. To get to the bicycle shop, go along Main street until you get to the round-about and take the exit onto Circle street. Go about and you'll see the bicycle shop on your . I live the bicylce shop. Keep heading down Circle street to the end and turn on Cosy Lane. I live in the building on the right. It's a red building. You can't miss it.

the bicycle shop is a gas station. The gas station is on Middle Rd. Across from station is a park and the park is the mechanic shop. The mechanic shop is on the corner of Circle Street and Cosy Lane.

The police station is in the centre of town. It's First street and Second Avenue. It's right the bakery also on Second Avenue and it's where all the policemen go to buy donuts. To get to the bakery from my house, I just need to head along Cosy Lane, then along Circle Street, turn on Middle Rd., then again on First Street and then on Second Avenue. It's not very far. It's about a walk from my home.

The hospital is on the corner of First Street and Fourth Avenue, the ice-cream shop. To get to the hospital from the bakery, go along Second Street to First Street and turn . Then go First street until you get to Fourth Avenue. The hospital is right there on the corner of First and Fourth.

The bank, post office, factory, circus, and farm are all on Industrial Rd. To reach Industrial Rd from Main Street, head on First Street all the way to the end and turn left on Second Avenue. Turn at the first street on your right. That's Third Street. Head Third street until you get to the round about. To get to the bank, post office and factory take the exit on the round about. To get to the farm, take the exit.
