**WATCHING TV TOO MUCH!**

*How many hours a day do you watch television? How many hours a week? Most children watch television too much. If children are watching too much television, it means that they are not reading enough books. They are probably not getting enough exercise either. Watching television doesn't challenge our bodies mentally or physically. It is a "brain dead" activity. Television is also not good for children because many shows are too violent. There aren't many shows at night that could be considered children's shows.*

**A\* Read the text then write: True / False or Doesn't say.**
