

## A Correct the Underlined mistakes.

### More Than a Dream

#### Could space be your own new frontier?

Are you one of **1 Earth** \_\_\_\_\_ next generation of explorer-astronauts?  
What do aspiring astronauts do to prepare for the possibility of a **2 carer**  
\_\_\_\_\_ in space?

A good person to ask would **3 is** \_\_\_\_\_ Alyssa Carson. Her dream is to be the first person **4 in** \_\_\_\_\_ Mars. As a child, Alyssa read as **5 many** \_\_\_\_\_ as possible about Mars, studied its maps, and did everything she could to learn **6 on** \_\_\_\_\_ the Red Planet. This included going to a space-themed camp for the **7 one** \_\_\_\_\_ time at the age of seven. Since **8 than** \_\_\_\_\_, Alyssa has attended more than 20 such camps. **9 Infact** \_\_\_\_\_, at the age of 13, she was the first **10 people** \_\_\_\_\_ ever to complete all the NASA Space Camps in the world. At these camps, future astronauts get the chance to ride in space-flight simulators and experience what zero gravity feels like.

## B Fill in the gaps with words form the list below.

**and / as / by / communicate / exercise / following / healthy / skills / study / to**

While Space Camp may not be possible for everyone, there are many other ways to prepare for a future in space. If you're interested, consider the **1** \_\_\_\_\_:

- Astronauts must be in excellent physical condition. Now's the time to begin a **2** \_\_\_\_\_ lifestyle of a balanced diet, regular **3** \_\_\_\_\_ and plenty of sleep.
- Astronauts need to meet a wide range of physical challenges. Skills acquired through activities such **4** \_\_\_\_\_ scuba diving, skydiving, skiing, mountain climbing and piloting aircraft are extremely valuable. Now's a great time **5** \_\_\_\_\_ start learning these types of skills little **6** \_\_\_\_\_ little.
- Astronauts need to meet a wide range of emotional challenges. Work on developing positive traits, like patience, co-operation and perseverance. Take every opportunity to practise team-building, leadership and problem-solving **7** \_\_\_\_\_.
- Astronauts need to have a strong background in maths **8** \_\_\_\_\_ science. Work with your school's advisers and mentors to determine the best subjects to **9** \_\_\_\_\_. Keep up with realtime developments and discoveries in space.
- Don't forget languages! In addition to English, you'll need to know other languages such as Russian and Chinese to **10** \_\_\_\_\_ successfully.
