Activity: **Proving Triangles are Congruent (SAS)**

Complete the two-column proof to prove that the triangles are congruent.

Given

$$\overline{PT} \cong \overline{MT}$$

$$\angle OTP \cong \angle OTM$$

**Prove that**

$$\triangle OTP \cong \triangle OTM$$

Statement	Reason
(1)	Given
$\angle OTP \cong \angle OTM$	(2)
(3) $\overline{OT} \cong$	(4)
$\triangle OTP \cong \triangle OTM$	(5)

How well did you do?

Need help!

Just OK!

Splendid

I FEEL THAT:
