

My Best Friend

Instructions: Think about your best friend and write a short paragraph about them.

Prompt: Who is your best friend? How did you become friends? What do you like to do together? Why do you like them?

Example:

My best friend is Emily. We became friends in kindergarten because we both liked to play with blocks. We like to do lots of things together, like playing at recess, having sleepovers, and going to the park. I like Emily because she is kind and funny. She always makes me laugh and is always there for me when I need her.
