ROUNDING OFF NUMBERS

Remember all the time!

To round off a number to its specific place, find the place value of the digit to be rounded off. Then look at the next digit to the right.

If the digit to the right is 0, 1, 2, 3, or 4, retain the digit to be rounded off and replace the digits to the right with zeros.

If the digit to its right is 5, 6, 7, 8 or 9, add 1 to the digit to be rounded off and replace all the digits to the right with zeros.

Round off the given numbers to the specified place value. Write the answer in the box.

1. nearest TENS

a) 26	b) 42	c) 75	d) 81	e) 94	f) 38

2. nearest HUNDREDS

a) 3 7 26	b) 5 443	c) 9 859	d) 259	e) 571	f) 864

3. nearest THOUSANDS

a) 9 999	b) 4 629	c) 7 384	d) 51 394	e) 24 751	f) 1 286
