"**I Know My Love**" is a traditional Irish song, extant since at least 1922. It is about a woman's love for "an arrant rover" and her jealousy of his other women. It is best known as a single by Irish folk band The Chieftains, released in 1999, taken from their widely acclaimed album *Tears of Stone*. The Chieftains' version features guest artists The Corrs and had been recorded in 1997, while The Corrs were working on their second album *Talk on Corners*. At the time it was released, The Corrs were at the height of their popularity. The track was later included on The Corrs' 2006 compilation album *Dreams: The Ultimate Corrs Collection*.
