**1. Create a pizza on cartridge paper with cardboard at the back to make it sturdy. Divide it into two halves using a line (do not cut it). One half will have one topping and the next half will be a different topping.**

**2. Ensure to label each half of the pizza with the one half fraction:**

$$\frac{1}{2}$$

**3. Use the sentence to help you separate the toppings. Write and complete the sentence on a paper and take it to school with your pizza. Make sure that the letters are big and visible.**

Half of my pizza is

_____

and ½ of my pizza is

_____
