A Good Doctor

Kate had a cold and a sore throat last week. Her sister had a cough and they had a temperature. Their parents called a doctor. Mrs Johnson gave them some medicine. They shouldn't go to school and they should stay in bed for three days.

Mrs Johnson also gave a magazine "Healthy life". The girls read that it is good to do sports and eat a lot of fruit and vegetables. So, Kate joined a swimming club and her sister went to a volleyball club. They also eat many salads and drink a lot of water.
