Name:_____

Subject: Science

Unit: Energy flow and transformation.

Read each question carefully and answer all the questions.

Choose the correct answer to complete the statement.

1. Energy transformation is _____
2. Energy transfer is_____
3. When energy is transformed the total amount of energy _____ changes.

What energy transformation takes place in each picture shown below.

a.

Chemical energy

b.

Chemical energy

LIVEWORKSHEETS

c.  

Electrical energy

d. 

Chemical energy
