Lucy : Hi, Anna. Do you have a minute to talk about the meeting next Tuesday?
Anna : Sure. We said 11, didn't we?
Lucy : Yeah, we did. But I will have vaccine injection at 10. Would it be possible to move the meeting time?
Anna : Oh, I see. We could postpone it to the afternoon, to 1 p.m., for example. Or bring it forward to earlier in the morning. What would suit you?
Lucy : Could we make it 8 o'clock? That would really help me. I think I need to have a rest after having the vaccine.
Anna : No problem. It's important you're there to report your project.
Lucy : Thanks a lot, Anna.

Among my electronic devices, my favorite device has to be my cell phone. My parents presented it to me on my birthday because I often get student award at school.

My phone is white with a transparent case. I do almost everything on it. It is really convenience to sit on social media, especially to watch films and serials on it. I really like music. So, I also listen to music on my phone every day. I even read books on it because the screen is wide and almost doesn't have frames. And of course, I send messages and talk to my friends on video call who is unfortunately far away from me. My phone is really modern and fast, it has plenty of memory. Also, it takes bright and vivid photos.

The following text is for questions 16 to 18.

The most enjoyable tour of my life was my tour to United Arab Emirates (UAE). I always want to travel there because of its culture, history and entertainment. I planned my trip during my summer vacations. I chose a friend to go with me so we could have a lot of fun together. I booked airline tickets and started to prepare my tour. After preparing my luggage, I googled about the place. Then, I searched for some travel agents whose affordable prices and good reputation.

Finally, the day came. We departed to UAE. The first thing we did was to reach our hotel. The travel agents scheduled a trip to the deserts and they had their categories of it. I chose the overnight desert Safari tour. There, I enjoyed the sunset and sunrise behind the sand dunes. The second tour was to a Dhow Cruise in Marina which was probably the best among all. The cruise tour took place at night as we moved around the city and admired the huge buildings and skyscrapers that brightly lit during the night. After the cruise tour, the travel agents helped us take a tour around Dubai and Abu Dhabi. It was pretty fun.

These were very beautiful places that we visited. It was a little expensive tour, but it was an experience of a lifetime.

The Wolf and The Lamb

A lamb was grazing with a flock of sheep one day. She soon found some sweet grass at the edge of the field. Farther and farther she went, away from the others.

She was enjoying herself so much that she did not notice a wolf coming nearer to her. However, when it pounced on her, she was quick to start pleading, "Please, please don't eat me yet. My stomach is full of grass. If you wait a while, I will taste much better."

The wolf thought that was a good idea, so he sat down and waited.

After a while, the lamb said, "If you allow me to dance, the grass in my stomach will be digested faster." Again, the wolf agreed. While the lamb was dancing, she had a new idea. She said, "Please take the bell from around my neck. If you ring it as hard as you can, I will be able to dance even faster."

The wolf took the bell and rang it as hard as he could. The shepherd heard the bell ringing and quickly sent his dogs to find the missing lamb. The barking dogs frightened the wolf away and saved the lamb's life.

Cyberstalking is a form of harassment that involves the use of the Internet and digital technology to frighten and intimidate someone. Stalkers tend to continually invade the victim's privacy. Cyberstalking is one of the most dangerous forms of cybercrimes, given that the offender demonstrates advanced knowledge of their victim's life and movements.

There are three most common types of cyberstalking: email stalking, internet stalking and computer stalking. Email stalking is sending threatening emails, spam, and viruses in a repetitive manner. Computer stalking hacking the target's computer, taking control of it, and stealing personal information and documents from it. Internet stalking is tracking the target's movements on online platforms and spreading rumors to slander the victim.

There are some practical tips to prevent cyberstalking. Here's what you can do to protect yourself: set strong passwords for every online platform you use, do not connect with strangers on social media, never share personal information on your profiles (phone number, address, credit card number, etc.), do not turn on location sharing, set your accounts to private, use a VPN whenever you're online, especially if you use public Wi-Fi.

"Lean on Me" – Bill Withers

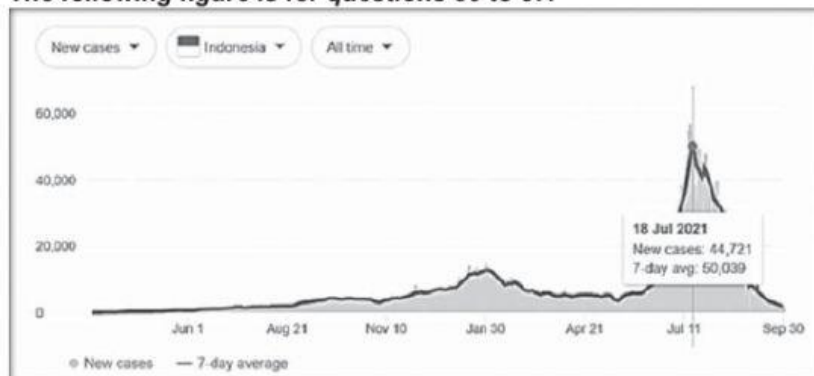

Sometimes in our lives
We all have pain, we all have sorrow.
But if we are wise,
We know that there's always tomorrow.

Lean on me when you're not strong
And I'll be your friend, I'll help you carry on
For it won't be long
Until I am going to need somebody to lean on.

You just call on me, brother, when you need a hand
We all need somebody to lean on.
I just might have a problem that you'll understand,
We all need somebody to lean on.
