

Airplanes are amazing. How does something  
\_\_\_\_\_ heavy get off the ground? I'm always  
amazed at how the millions of different \_\_\_\_\_  
together. Travelling by airplane is always a wonderful experience.  
\_\_\_\_\_ whether economy class is cramped and  
has no space. I like playing with \_\_\_\_\_  
entertainment system, especially now they have all the latest movies.  
\_\_\_\_\_ airplane food. Many of my friends say  
\_\_\_\_\_, but I love it. I often ask the passenger  
next to me if I can have the dessert or \_\_\_\_\_  
want. The only thing I don't like about planes is turbulence. When  
the airplane \_\_\_\_\_ pockets, I always worry  
\_\_\_\_\_. But I once read that turbulence has  
\_\_\_\_\_ an airplane to crash.
