Three teenagers describe their home
My house is in the city and has four bedrooms. My parents have the biggest room and it has a big, double bed. The other bedrooms are smaller and belong to me, my brother and any guests we may have. There is a garage next to the house where my parents park both their cars. My house is blue, but we want to paint it white. There is a large, wooden bookshelf in the living room.
I live in a small house in a small village with my uncle. This house has two big bedrooms, a bathroom, a kitchen with one fridge and a dining room. Our garage is at the back of the house and it only has room for one car. I have a lot of books and I now want to buy a wooden bookshelf. There is a very old blue gate at the end of the garden. My uncle is painting it white.
The kitchen in my house is very big and there is a very big fridge. There are metal shelves around the wall. The living room has a very big television and a DVD player. I also have a large bookshelf for my DVDs. There is a garage next door but there is no room to put a car in it. This is because there is a washing machine and a second fridge. I live with my older brother. The house is a five-minute walk to the town centre.
