

## Numbers

1. Escucha los números y únelos con una línea donde corresponda

|                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                    |                                                                                     |                                                                                     |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |  |  |  |  |  |  |
|                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                   |                                                                                    |                                                                                     |                                                                                     |                                                                                     |
| 50                                                                                | 80                                                                                | 20                                                                                | 100                                                                               | 70                                                                                | 40                                                                                | 90                                                                                 | 10                                                                                  | 60                                                                                  | 30                                                                                  |

2. Escribe el nombre donde corresponda

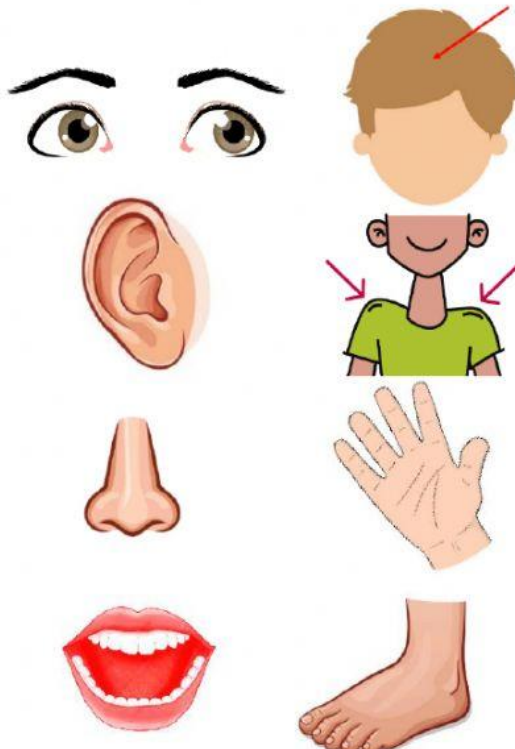

|         |  |
|---------|--|
| Seventy |  |
| twenty  |  |
| Forty   |  |
| Thirty  |  |

|             |  |
|-------------|--|
| Eighty      |  |
| Ninety      |  |
| One hundred |  |

|       |  |
|-------|--|
| Sixty |  |
| Fifty |  |
| Ten   |  |

## Parts of the body

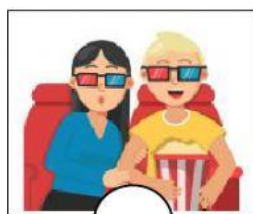

3. Une con líneas de diferentes colores cada parte con su nombre.

|                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                 |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px; text-align: center;">ear</div> <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px; text-align: center;">mouth</div> <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px; text-align: center;">eyes</div> <div style="border: 1px solid black; padding: 5px; text-align: center;">nose</div> |  | <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px; text-align: center;">shoulders</div> <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px; text-align: center;">Foot</div> <div style="border: 1px solid black; padding: 5px; margin-bottom: 10px; text-align: center;">head</div> <div style="border: 1px solid black; padding: 5px; text-align: center;">hand</div> |

## Hobbies

4. Arrasta el número que corresponda dentro del círculo en blanco según la imagen.

- |   |                   |   |                  |   |                  |
|---|-------------------|---|------------------|---|------------------|
| 1 | Go swimming.      | 2 | Play soccer.     | 3 | Listen to music. |
| 4 | Go shopping.      | 5 | Play videogames. | 6 | Go running.      |
| 7 | Go to the cinema. | 8 | Take photos.     |   |                  |

## Relationship

5. Une con líneas de diferentes colores la palabra con su traducción en español

Parents

Siblings

boyfriend

wife

Girlfriend

husband

friend

Grandparents

esposa

padres

esposo

abuelos

hermanos

amigo/a

novia

novio
