

READING & WRITING TEST – PART 1

Read the text below:

In a small town near Milano, a little girl named Mia, and her mother were living in a tiny house. They were not homeless, but Mias mother could not find a job.

One day, someone knocked on the door. Mias mother opened it in confusion. It was a woman with a notebook in her hands.

"Hello, what do you want?" her mother asked the woman.

"Hello, Miss! Our company called THE GRAND SINGERS is looking for amazing singers to join us. We can pay you more than 5000\$ dollars every month! We only need you to have talent in singing." she replied.

"Really? I know how to sing...but I never got a job in singing...I think I can sign up. How can you do it?" the mother said, in excitement.

Now, answer the questions.

1. *Where did Mia and her mother lived?*

2. *Who showed up one day at their door?*

3. *What was the companies name?*

4. *How much can Mias mother get paid every month?*

Look at the text again. Can you see the underlined adjectives? Write the antonyms of them in the boxes.
