

6C Modifiers

We use modifiers with adjectives to make them stronger or weaker.

It's really/very big.

It's pretty big.

It's not very big.

It's not big at all.

We use *really* and *very* to make an adjective stronger.

The city is really big.

The market is very busy on Saturdays.

We use *pretty* and *not very* to make an adjective weaker. If we use *pretty*, the adjective has the same meaning, but is weaker. If we use *not very*, the adjective has the opposite meaning.

The bridge is pretty old.

The apartment's not very old. = The apartment is pretty new.

We use *not* + adjective + *at all* to give a strong opposite meaning to an adjective.

The beach isn't crowded at all. = The beach is very empty.

The restaurant's not expensive at all. = The restaurant is very cheap.

6.12

modifier + adjective

modifier + adjective + (singular) noun
