Houses in the Future

- describe similarities and differences between homes now and in the future
- use "might" for future possibilities

1. **Match the pictures with the words in the box.**

drone	3D printer	robot helper
screen	automatic food machine	smart device

1 ⬜⬜⬜⬜⬜⬜

2 ⬜⬜⬜⬜⬜⬜

3 ⬜⬜⬜⬜⬜⬜

4 ⬜⬜⬜⬜⬜⬜

5 ⬜⬜⬜⬜⬜⬜

6 ⬜⬜⬜⬜⬜⬜

2. **Circle the correct words.**

a) Now, we *do / might do* our own housework. In the future, we *have / might have* robot helpers.

b) In the future, we *have / might have* automatic food machines. Now, we still *use / might use* ovens and fridges.

c) We *have / might have* computers now. But soon, we *have / might have* smart walls.

3. **Complete the sentences using might and a word in the box.**

1. In the future, automatic food machines ____might cook____ all our food.

2. In the future, robots _____ all our housework.

3. In the future, we _____ movies on smart walls.

4. In the future, 3D printers _____ all kinds of things.

5. In the future, we _____ many smart devices.

6. In the future, robot drones _____ all our groceries.

~~cook~~
deliver
watch
do
make
have
