### 3. προσθέτω υάθεια

The diagram illustrates the addition of 437 and 332. On the left, a 3x2 grid contains the digits of the numbers: the top row has 4 and 3, the middle row has 3 and 2, and the bottom row has 7 and 2. Red arrows point from each row of the grid to a vertical column on the right. The top two rows of the column are empty, and the bottom row contains a red plus sign (+). A red horizontal line is drawn below the plus sign, indicating the start of the addition process.

506 + 271 =

The diagram illustrates the addition of 653 and 257. On the left, a green box contains the equation  $653 + 257 =$ . Below it is a 3x2 grid of empty boxes. To the right of this grid is a vertical column of four boxes. Three red arrows point from the three boxes in the first column of the grid to the first three boxes of the vertical column. The fourth box in the vertical column contains a red plus sign (+). A red horizontal line is drawn below the vertical column, separating the addends from the result area.

The diagram illustrates the addition of 736 and 172. On the left, a 3x2 grid contains the digits of the numbers: 7 and 1 in the top row, 3 and 7 in the middle row, and 6 and 2 in the bottom row. Red arrows point from each row of the grid to a vertical column of three boxes on the right. The bottom box of this column contains a red plus sign (+), indicating the addition operation.

Diagram illustrating the addition of 481 and 210 using a place value chart. The chart shows the numbers 481 and 210 being added, with a red arrow indicating a carry-over from the ones column to the tens column. The sum 691 is shown in the top row, and 000 is shown in the bottom row.
