

I'm going to ..... my time

I have all the time in the ..... to make you mine

It is ..... in the stars above

The gods decree

You'll be ..... here by my side

Right next to me

You can ..... but you cannot hide

**Don't say you ..... me**

**Don't say you ..... me**

**Don't say you ..... me**

**It's .....**

**Don't say you're .....**

**Out there without me**

**I .....you can't be**

**'Cause it's no good**

I'll be fine

I'll be ..... patiently

'Til you ..... the signs

And come running to my ..... arms

When will you realize?

Do we have to wait 'til our worlds collide?

Open ..... your eyes

You can't turn .....the tide
