

Love of My Life - Queen

Love of my life, you've

You've and now you leave

see Hurt me

Love of my life, can't you ?

Broken my heart

Bring it back, bring it back

Don't means

take it away from me, because

You don't know

What it to me

Love of my life, don't

me see

You've taken my love, and desert me

now Leave me

Love of my life, can't you ?

remember Don't

Bring it back, bring it back

At your side

take it away from me because

What it to me

You will

Everything's Means

When blown over and

Let This is

all by the way

When I I will be there

You didn't go

to remind you

see You don't know

How I still love you (I still love you)

Oh, hurry back, hurry back

You don't know

Please back home to me Because

Means Grow older

what it to me

Love of my life, Love of my life

Means Bring it

Ooh
