Reading comprehension - Emotions

Text – A

Radio show.

Jack: Hello and welcome to my radio show. My name is Jack.
Can you tell us your name?

Jill: Hello, I'm Jill.

Jack: How do you feel today?

Jill: I am scared and happy.

Jack: Why scared and why happy?

Jill: Scared because I don't like to talk in front of people. Happy because here is only you and me.

Jack: Ok, thank you. Can you tell me when do you feel surprised and sad?

Jill: I feel surprised when my family and friends have a surprise party.

Jack: And sad?

Jill: When something bad happens.

Jack: Thank you for your answers, Jill. I hope our listeners today have a great time. Thank you and bye!

Jill: You are welcome, and bye!

Text - B

Juan's feelings.

Hi, my name is Juan, and like everyone I feel emotions. I feel hungry when I want to eat. When I watch sad movies, I feel sad. Also, I feel happy when I visit my friend's house. Or I feel bored and tired when I have nothing to do. I feel scared when I am alone or when I see a spider. Sometimes I feel confused when I don't know what to do.

I have a little sister. She is happy all the time. She is happy when she is playing. She is happy when she is eating. Sometimes, she is sad when she needs to go to sleep. I like to play with my little sister because she is always happy. She makes me happy too.
