2 These animals are big but they can run very fast. They love water and they can swim too. They love their families. They are very clever and friendly but sometimes they can be dangerous! They eat plants. They eat up to 270 kilos of food and they drink about 75 litres of water every day!

My perfect pet

Hi! I'm Amy, and this is Andy, my pet hamster. He is 5 months old. He has big eyes and small teeth. His body is light brown. He's cute! He lives in a big cage in my room. He sleeps during the day and he is very active at night.

Andy can run very fast and he can climb but he can't jump! He has got a lot of toys in his cage but his favourite is a special hamster wheel. He loves running in it! He needs a lot of exercise and I sometimes take him for a walk in our garden.

Andy eats special hamster food, and some fruit and vegetables. He loves carrots! I give him food and water twice a day – in the morning and in the evening.

I usually play with Andy in the evening before I go to bed. I think he's the perfect pet for me – clever and friendly!
