

Name: _____

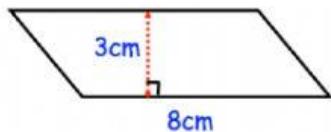

Area of Parallelogram

Instructions:

1. Type in your answers in the space provided.
2. Click FINISH
3. Click VIEW GRADE
4. Take a screenshot of page then upload assignment on Google Classroom (under the same section where assignment was posted)

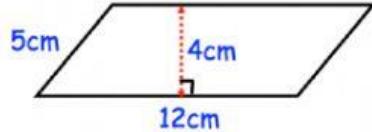

Find the area of each parallelograms below:

1)

Area = _____ cm²

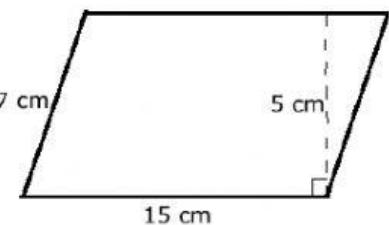

2)

*Hint: Firstly, identify the base and height, then proceed from there

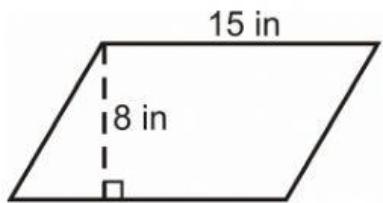

Area = _____ cm²

3)

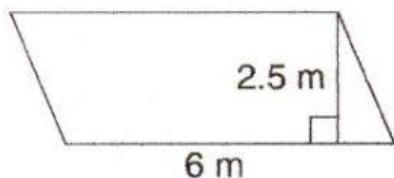

Area = _____ cm²

4)

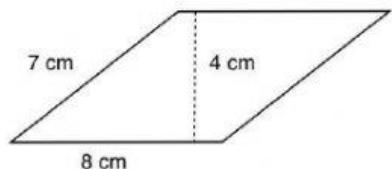

$$\text{Area} = \underline{\hspace{2cm}} \text{ in}^2$$

5)

$$\text{Area} = \underline{\hspace{2cm}} \text{ m}^2$$

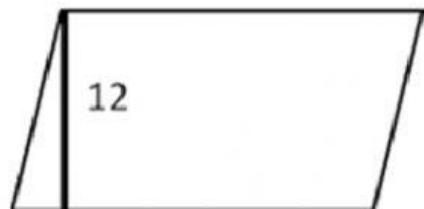

6)

$$\text{Area} = \underline{\hspace{2cm}} \text{ cm}^2$$

7)

25

$$\text{Area} = \underline{\hspace{2cm}} \text{ unit}^2$$
