

Living and non-living things

Everything in the world can be classified into living and non-living things.

- 1) Look at the pictures. What are they? Classify them into living and non-living things (Mirar a las imágenes. ¿Qué son? Clasificarlas en seres vivos y no vivos)

living	non-living

- 2) What is the difference between a living thing and a non-living thing? Read and write where it corresponds. (¿Cuál es la diferencia entre un ser vivo y uno no vivo? Leer las listas y escribir si las características de cada una corresponden a un ser vivo o no)

Living thing and non-living thing

It doesn't move by itself (no se mueve)
 It doesn't grow nor change (no crece ni cambia)
 It doesn't reproduce (no se reproduce)
 It doesn't need air, nor water nor food (no necesita aire, agua ni comida)

It moves by itself (se mueve)
 It grows and changes (crece y cambia)
 It reproduces (se reproduce)
 It needs air, water and food

3) Complete the chart with YES or No (completar el cuadro con YES o NO según corresponda)

Is it living??	Can it move? ¿se puede mover?	Can it grow and change? ¿puede crecer y cambiar?	Can it breathe? ¿puede respirar?	Does it need water and food? ¿necesita agua y comida?
worm 	yes	yes	yes	yes
car 	no	no	no	no
racket 				
dog 				
plant 				
chicken nuggets
