(intelligent)

Closing time is a ¹ fantasy story about three
² friends who go to the zoo.

The zoo closes and the children can't get out. They
ask the monkeys for help because they're the
³ animals. The elephant helps them
because it's the ⁴ animal.

I love it when the children slide down the giraffes.
The giraffes are the ⁵ animals.

I think this fantasy story is great. The
⁶ part is when the monkey talks to
the children. They're very surprised!
