

READ THE STORY AND ANSWER THE QUESTIONS ABOUT ALICE AND TOM

They are Alice and Tom. They are students. They are ten years old. They go to the same school in London but they are in different classes. Alice gets up early in the morning. She gets up at seven o´clock every day, she takes the train to go to school. Tom lives near school, he gets up at eight o´clock every day. Alice likes Mathematics and Science but she doesn´t like Physical Education. She loves Art, too. Tom likes Language and Social but he doesn´t like Mathematics. He loves Physical Education.

They have lunch at school at two o´clock, they love having lunch at school because the cooks are excellent and food is delicious. There are a lot of students in school and many teachers. Everybody works hard in school. Students leave school at three o´clock and go home.
