

You can choose one (or more) animal  
or plant below to describe.  
You do not have to describe them all.

Write about how the pond habitat meets the needs of each plant or animal.

**Frogs**

**Spiders**

**Muskrats**

**Cattails**

Connect the dot to the correct description of the animal and its adaptation.

**fish**

I have gills to get air from water.

**sea lion**

I change colors to blend in with the sand.

**hermit crab**

I have lungs. I swim to the surface to get air.

**squid**

I live in a sea shell to keep me safe.
