

PLASTIC BAG SONG BY NICK COPE

Listen to the song and choose the correct option

There's a
floating in the ocean,
floating in the ocean
and what are we to do?

There's a plastic bag
floating in the,
floating in the ocean blue...

And if the plastic bag starts
breaking into,
breaking into pieces,
what are we to do?

And if the plastic bag starts
breaking into pieces
into pieces in the ocean
.....

And if we eat the fish the
fishermen fished from the ocean,
fished from the ocean,
what are we to do?

And if we the
fish the fishermen fished from the
ocean,
they fished from the ocean blue?

We'll have a plastic bag floating
inside us,
..... inside us,
then what we gonna do?

We'll have a plastic bag floating
inside us
inside of me and you.

And if the little pieces are eaten by
the fish,
eaten by the fish,
what are we to do?

And if the little pieces are eaten by
the,
the fish swimming in the ocean
blue...

And if the fishermen fish the fish
swimming in the ocean,
swimming in the ocean,
what are we to do?

And if the fish
the fish swimming in the ocean,
swimming in the ocean blue...

And what are we to do?

Oh, what are we
.....?

We need to stop those bags,
floating in the ocean,
floating in the ocean,
that's what we need to do.

We to stop
those bags,
floating in the ocean,
floating in the ocean blue.

We need to stop those bags,
floating in the ocean,
floating in the ocean,
that's what we need to do.

We need those
bags,
floating in the ocean
floating in the ocean blue
floating in the ocean blue
floating in the ocean blue
