Some people say that teenagers spend all their time on their computers. They think that we haven't got any friends! That isn't true. In fact, I often talk to my friends because we use computers to chat to each other. And it isn't just my friends. I speak to other teenagers from all over the world. I've got friends in the US, China and Australia. You don't need to travel to these countries. You can email or video-chat. With a webcam, it's like talking to somebody in the same room. At other times, I invite friends from school to my house, and we play computer games. Computers are great fun.

Some people have got the wrong idea about ¹ teenagers. They think that we prefer our ² _____ to our friends. But with a computer, you can ³ _____ to people in lots of different countries. That means you don't need to ⁴ _____ to those countries. You don't need to actually be in the ⁵ _____ country – or room! My friends from school often come to my house, and we have lots of ⁶ _____ together on the computer.
