Complete the following text about Segregation. Put the verbs between brackets into the preterit (revise the NEGATIVE form of the preterit first!):

During segregation, colored people and white people (live) separately. Black people (**not** have) the same rights as the whites.

Here are some examples:

They (**not** go) to the same schools.

In some restaurants, they (**not** eat) in the same room as the whites.

They also (use) different toilets.

They (ride) the same bus but the whites (sit) in the front of the bus whereas colored people (sit) in the back. They also (**not** share) the same benches in parks.

Segregation (be) based on the *"Separate but Equal" theory* but in reality colored people (**not** be) treated equally.

3) During the Segregation period, black people didn't have the same rights as white people in the Southern States. Write sentences to point at these differences using *had to/couldn't/were not allowed to*

- Colored people sit in front of the bus.
- Colored people sit in the back of the bus.
- Black people go to school with white people.
- Black people live separately from white people.
- Black people share the same room in restaurants.
- Black people . sit on different benches.
- Black people use the toilets reserved for colored people.
- Black people play in the same sport teams as white people..
