

# TAKE A TOUR OF THE INTERNATIONAL SPACE STATION

<https://www.youtube.com/watch?v=SOCixRhRGDw&t=38s>

Have you ever heard about the ISS?

Do you know what it's like to live there? Let's watch the video and find out.

How do they get to the ISS?

---

How do they travel back to Earth?

---

How long do astronauts live on the ISS?

---

What do astronauts do on the ISS?

---

Where does electricity come from?

---

How do they fix things outside?

---

The ISS is like a house. What's in it?

---

What do they use the water for?

---

Do they take showers?

---

There's no gravity in space. So what happens to astronauts?	_____
How many hours a day do astronauts exercise?	_____
What do astronauts study in the ISS?	_____
What do astronauts wear to go on spacewalks?	_____
Why do they go on spacewalks?	_____

Astronauts work a lot in space. But they also have free time!  
What do you think they do in their free time?

Now watch the video below and check how many you got right.
