Proverb no. 1: *An apple a day keeps the doctor away*

There was once a village. It was full of people who were sick from a plague. In that same village lived a man who was always so full of beans. He was never sick. He was fit as a fiddle much to everyone's envy. One day, the villagers asked him, "What is your secret?" To that the man replied, "An apple a day keeps me so healthy that I never have to see the doctor again!" The villagers learnt not only to include apples but all types of other fruits and vegetables too. They became so healthy, the plague never came back again!

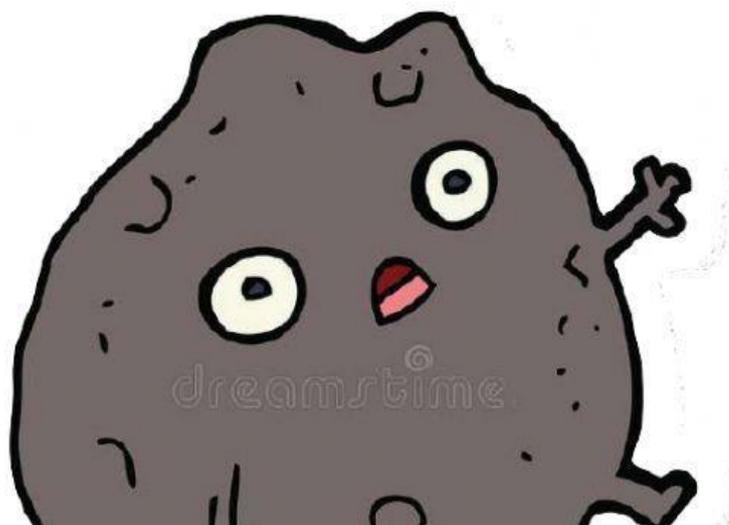

Meaning: *Eating nutritious food will make you healthier*

Proverb no. 2: *A rolling stone gathers no moss*

In a village lived two brothers. Their names were Jeff and George. Jeff was decisive while George was indecisive. One day, their grandfather gave them each a plot of land. Jeff decided to plant potatoes. He toiled day and night. It was a lot of hard work. On the contrary, George did not want to work as hard as Jeff. "This is too hard! I am going rear cows instead!" George sold the plot of land and bought cows instead. However, rearing cows was not as easy as it seemed. He had to feed the cows, milk them, bottle the milk and sell it in the market. "Argh! Potato farming was easier!" he muttered. By then, Jeff's hard work had paid off. He had made a considerable amount of wealth from selling his potatoes. George regretted his indecisive nature. He learnt that if one sticks long enough to a task and work hard at it, wealth will follow!

Meaning: *If you want to see good results, you have to stick to the task!*

Proverb no. 3: *A stitch in time saves nine*

Chirpy is a hardworking sparrow who takes good care of her nest. In the same tree lived a crow named Choppy. Choppy was a couch potato and spent all her time sleeping. Chirpy always told Choppy, "Please repair your nest before the monsoon comes or the strong winds will blow your nest away!" However, it fell on deaf ears! As the days went by, the hole on Choppy's nest grew bigger. One night, the winds became so strong that her family was in grave danger! She flew from tree to tree to look for twigs to repair her nest while Chirpy sat snugly in her nest. Choppy flew helter skelter to save her home and almost collapsed in exhaustion. Finally Chirpy also gave a helping hand and helped Choppy rebuild her nest. Choppy realised her foolishness and promised never again to postpone any work that required immediate attention.

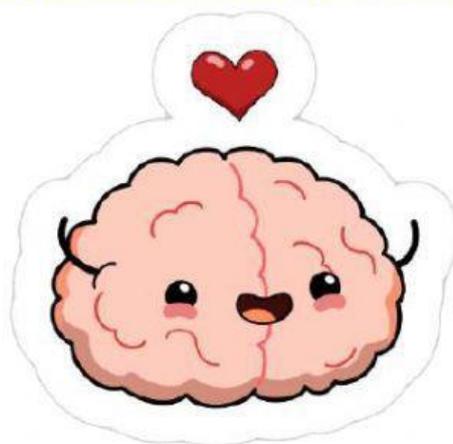

Meaning: *If you deal with a problem earlier, it will save you time later*

Proverb no. 4: *The idle mind is a devil's workshop*

One day, Suresh was alone at home. His father had gone to his factory. His mother had gone buy some groceries. Suresh sat with his books before him. He quickly lost interest in them. He looked around for something else to do. His eyes were drawn towards a matchbox. His mother had warned him against playing with matches. "What could possibly happen?" he said to himself. He decided to play a game by throwing the matches. Unfortunately, he knocked against a kerosene lamp, spilling kerosene on the floor. It immediately caught fire. The flames spread rapidly and soon the fire spread into the next room. Luckily, Suresh was rescued by his neighbors. Unfortunately, the house was destroyed. The idle mind of Suresh had worked in an evil manner resulting in such a big tragedy. This is why it is important to keep oneself occupied with fruitful tasks!
