Earth Day, Every Day

Vocabulary

remember

less

again

recycling center

gasoline

Earth Day is on April 22nd every year. Earth Day is a day to **remember** to take care of our planet, Earth. We can take care of our planet by keeping it clean.

We can keep Earth clean by following the rule of "reduce, reuse, recycle". *Reduce* means *use **less***. We can reduce our use of resources like water or **gasoline**. *Reuse* means *use **again***, rather than throw things away. We can *reuse* many things, such as jars, plastic bags, and boxes. *Recycle* means to make something new from something old. We can keep Earth clean by *recycling* materials such as aluminum, paper, and plastic. If we take these materials to a **recycling center**, they can be used again in a different way.

On Earth Day, we remind ourselves and everyone on Earth that we must do these things. We must do these things every day, not just on Earth Day. We must all do our part, and we can make a difference. On April 22nd, remind everyone you know that every day is Earth Day!

A. Read and answer the following questions about Earth Day. Write the letter.

1. What is the tittle of the text? **Answer:**
   a. Take care of Earth
   b. Earth day, Every day
   c. My planet Earth

2. In which month is Earth Day celebrated? **Answer:**
   a. February
   b. April
   c. May

3. On Earth Day we remind people to... **Answer:**
   a. recycle paper
   b. reuse materials
   c. Reduce, reuse and recycle.

4. What things can you recycle? **Answer:**
   a. aluminum, paper and plastic
   b. air
   c. paint, petrol, gasoline

5. Where can you take the materials you recycle? **Answer:**
   a. Recycling Center
   b. Mall
   c. School

B. Match the words with their meanings.

recycle	to use something again
reuse	to use a material and make it into something else
reduce	to use less of something
