

0 1 2 3 4 5 6 7 8 9 10 11 12 13 14

I read the sum and put the correct number of cubes on each plate. I add the cubes together and write the total number.

أَقْرَأُ جُمْلَةَ الْجَمْعِ الْعَدَدِيَّةِ، وَأَضَعُ الْعَدَدَ
الصَّحِيحَ مِنَ الْمُكْعَبَاتِ عَلَى كُلِّ طَبَقٍ.
أَعُدُّ مَجْمُوعَ الْمُكْعَبَاتِ عَلَى الطَّبَقَيْنِ
وَأَكْتُبُ النَّاتِجَ.

$$1 + 2 = \bigcirc$$

$$3 + 2 = \bigcirc$$

$$0 + 5 = \bigcirc$$

$$4 + 1 = \bigcirc$$

$$2 + 2 = \bigcirc$$

$$2 + 1 = \bigcirc$$
