

Name: _____ Date: _____

Hands-On Activity: Diversity

Directions: Follow the steps of the activity and drag to answer the questions.

Step 1: Collect an egg with a white shell and an egg with a brown shell.

What is **different** about the eggs?

What is **similar** about the eggs?

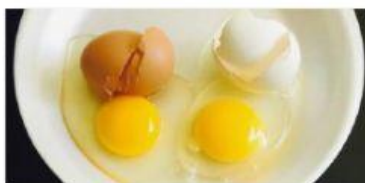

The eggshells are different colors.

The eggs are both oval shaped.

Step 2: Crack the white and brown shelled eggs into each side of a plate.

Compare both egg yolks and

+

egg whites, how do they look?

How does this activity compare to

people's outward differences

and inward similarities?

+

People look different on the outside,

but we are all the same on the inside.

The egg yolks and egg whites from

+

both eggs are the same color.
