

Name: _____

Rounding Numbers

1. First find the rounding place and underline it.
2. Check the number next door.
3. If the number next door is 5, 6, 7, 8 or 9 add 1 to the underlined number.
4. If the number next door is 1, 2, 3 or 4 the underlined number stays the same.
5. Every number after the rounding place turns to 0.

Round these numbers to the nearest ten (10)

- | | | | |
