

# HIGH SCHOOL MUSICAL

[Troy, Gabriella:]

Looking forward from center '\_\_\_\_\_ to \_\_\_\_\_  
day

Time to get the \_\_\_\_\_ started!

What we leave, what we take with us

No matter what, it's something we're apart of!

We \_\_\_\_\_ to fly, together side-by-side

I just \_\_\_\_\_ the rest of my life

Will feel as \_\_\_\_\_ as my

[Everyone:]

High school musical

Who says we have to let it go?

It's the best part we've ever know

Step into the future

But hold on to high school musical

Let's celebrate where we come from

The friends who've been there all along

Just like

Our high school (high school) musical!

[Ryan, Sharpay:]

\_\_\_\_\_ without a \_\_\_\_\_; no one's written it

And now we have the chance to

Someday we'll be \_\_\_\_\_; memories we've  
had

All the \_\_\_\_\_ that we lived through!

The best of times, so why leave them behind

Why can't the rest of my life

Be like my

[Everyone:]

High school musical

Who says we have to let it go?

It's the best part we've ever known

Step into the future

But hold on to high school musical

Let's celebrate where we come from

The \_\_\_\_\_ who've been there all along

That's right!

[Chad, Taylor:]

Now we finally realize

Who we are, it just took some

We had to live and to learn to see the truth

(Can't you see the truth?)

But nothing's ever \_\_\_\_\_, into the

future we all free fall

Until forever, we'll \_\_\_\_\_ have high school

[Troy, Gabriella:]

Time to party, now \_\_\_\_\_!

'Cause the worlds one big stage, but any

part you want can be \_\_\_\_\_!

(Everybody sing, yeah!)

Can you show us, now we're gonna go?

It's what got us here, we know

[Everyone:]

High school, lives on forever more!

High school, \_\_\_\_\_!

High school musical

Who says we have to let it go?

It's the \_\_\_\_\_ part we've ever known

Step into the future

But hold on to high school musical

Let's celebrate where we come

The friends who've been there all along

Oh yeah!

High school musical

Who says we have to let it go?

It's the best part we've ever known

\_\_\_\_\_ into the future

But hold on to high school musical

Let's celebrate where we come from

All together, \_\_\_\_\_ it better

\_\_\_\_\_ that last forever

I want the rest of my life to

Feel just like a..

High school musical
