Dear Francesca,

I arrived in Liverpool two days ago and I just met my roommates. I have three roommates. Bill is from Switzerland; he is tall and chubby; he has hazel eyes and wears glasses. He is friendly and outgoing. Suzanne is gorgeous; she is from Cape Verde, Portugal, so she speaks Portuguese and English quite well. She is average weight and tall. She has fair skin and has the face full of freckles. She seems to have a strong personality; I think we will get along well. Felipe comes from Peru. He is short, thin and athletic. He loves sports, especially rugby. He has wavy, black hair and a funny moustache. He is reserved so he doesn't talk much.

I am so excited because tomorrow we are going to the Beatles museum. I hope you are having a great time in The Bahamas. Tell me about all what you've done there.

Love,
Arnold
