

One summer day a bear came out looking for honey, since he was very hungry he came across a swarm and said:

Hello, can you give me some of that delicious honey? nooo is ours and we have been working all year.

The angry bear picked up a stick and started hitting them until the swarm fell. the boisterous bees came out and began to bite him the bear began to run in search of a river and when he arrived he saved himself submerging himself in the wáter
