

Relaciona las figuras planas con los objetos

The image contains two columns of items. The left column features four objects: a soccer ball, a square table, a purple triangular frame, and a yellow window with vertical bars. The right column features four flat geometric shapes: a red triangle, a blue rectangle, an orange circle, and a pink square. The task is to connect each object to its corresponding flat shape.

Une cada figura tridimensional con el objeto que posee su forma.

cono

cubo
